

The Impact Program provides academically accomplished Black/African American and Latino high school students with tools and strategies for navigating the college planning and financial aid process. Students selected to become Impact Scholars will participate in the program through their high school graduation. Scholars will participate in monthly workshops outside of school hours and at an off-site location. The workshops will cover the college planning, application and admissions processes and will also provide students with exposure to careers in accounting and financial services. If you are interested in participating in this program, please stop by the Guidance Department and pick up an application.
