Name

Medical Science I Course Grade _____ **VoCATS Score** _____ **GPA** _____

Medical Science II is an advanced curriculum exploring the students' true interest in healthcare related career opportunities. Students selected will possess skills necessary to represent themselves and the school in a professional manner. They must be self-motivated, trustworthy, and capable of upper level work. Applicants will be evaluated based on academic performance, school attendance, conduct, ability for independent work, and readiness for the professional environment. A portion of this course will involve job-shadowing medical professionals. Students selected for this class must be able to provide their own transportation to and from clinical sites. The clinical mentorship constitutes 40% of the overall grade for each grading period. Students with recent history of behavioral issues at school will not be allowed to participate in the class.
